RE:	Comments related to summary of revenues and expenses compared to budget for the period ended May 31, 2025.

Attached is a summary that compares our actual revenues and expenses to our operational budget for our major funds subject to budgetary control for the period ending May 31, 2025. The following comments are related thereto:

General and Ancillary Funds: Actual revenues are over budget by \$67,410. Operating expenses are under budget by \$200,719. The net loss of \$1,362,374 is a favorable variance of \$268,129 as compared to the adopted budget.

Utility Fund: Actual revenues in this fund remain under budget by \$700,956. This is a result of Electric revenues being 888,000 under budget. The operational expenses are over budget by \$511,378. This overage is in large part due to Purchase power costs being over budget by \$547,933. The net income, after transfers, of \$880,081 creates an unfavorable variance again this month as compared to the budget of \$1,046,036.

Sanitation and Sewer Fund: The operating revenues are slightly over budget by \$23,990, with total operating expenses under budget by \$44,682. The net income, after transfers, of \$355,954 leaves a favorable variance of \$85,202.

Respectfully submitted,
/s/ Deborah Garber
